

SHRIVATSA DESHPANDE

About Me

I am Shrivatsa Deshpande from KJ Somaiya College of Engineering in SY BTech IT Department. I am a Tech-enthusiast and passionate about robotics. I am also a musician and well-versed Indian classical music.

Experience and Projects.

SY sem 3

In-House Intern

Machine Learning Project on Topic Modelling using Natural language Processing.

SY sem 3

Robocon KJSCE

Embedded coding team member at Robocon kjsce.

FY Sem 2

Spider robot

Working on a quadruped Spider robot. Experienced in Arduino, Servo motors and Bluetooth modules

FY Sem 2

Desktop notification system

Covid-19 Notification system which gives real-time updates about the pandemic based on the data scrapped from a government website.

FY Sem 1

SIH 2022

AR App showcasing turbans of India.

Worked on the frontend of an AR webapp that uses face recognition to provide turban filters to the user. I had the experience to work with Django and flutter in this hackathon.
